Who We Are

Filling The Void is a 501c3 nonprofit ministry that feeds and prays with the hungry, the homeless, the hurting and those who need healing. Since 2003, we've served more than 250,000 high quality sack lunches. Our goal is to build relationships on the streets that lead people into positive life-change.

Opportunities For All Ages

We depend on hundreds of volunteers every year to make the ministry run like a well-oiled machine. We can work with groups of all sizes and ages - baseball teams, middle schoolers, home schoolers, preschoolers, fraternities, churches, community groups and large Fortune 500 companies.

Customized Projects

Our volunteer projects usually take 1-2 hours and can be done any day of the week. We have regularly scheduled opportunities where you can serve or we can tailor an exclusive project that works best for your group's needs. We have activities that can be done at home, at our offices or on the streets.
